

Arabic Muslim World Map

For a fifth of the world's population, Islam is both a religion and a complete way of life.

Muslims follow a religion of peace, mercy, and forgiveness and the majority have nothing to do with the extremely grave events which have come to be associated with their faith.

This map shows the scope and vastness of the Muslim World from Jakarta in the east to Morocco in the West, from the Cape of Good Hope to the northern reaches of Kazakhstan.
